The Ohio penitentiary contains 1,364 convicts.

The snow at Holland, Mich., is twenty inches deep.

The epizootic has broken out among the horses at Columbus, O.

Washington Territory has passed a law granting woman suffrage.

Nashville is to have a permanent exposition with a capital of \$300,000.

Hall's Safe and Lock Company is to be removed from Cincinnati to Hamilton, Ohio.

Senator Beck is at Washington. He is very confident Mr. Carlisle will be elected Speaker and does not think Mr. Randall will be seriously considered in the contest.

Hogs pulled the plug out of a barrel of sorghum in front of W. H. Bagley's store, last Sunday, and treated themselves to all the sweetness therein except some ten gallons. Asland Independent.

Nothing extraordinary in that. If they had been Maysville hogs they would have taken all the molasses, carried off the barrel, and called around early next morning for another one.

Story's marble statue of Chief Justice Marshall, for which members of the Philadelphia Bar contributed \$20,000, and Congress appropriated a similar sum, is expected to reach Washington early next month. It will be placed somewhere in the Capitol grounds.

A St. Paul telegram says: "Advisers from all parts of the northwest show the thermometer ranging from 15° to 40° below zero. A strong wind is blowing but no snow. All trains delayed on account of the wind. Navigation was practically suspended here for several days. The river has closed."

An exchange says: "The practice of dressing boys in short pants, in obedience to fashion, (and little girls in short skirts may be included) is a fruitful source of disease. Their legs get cold, driving the blood to the head, and leaving the little fellows easy victims to diphtheria and other diseases of the throat and lungs."

The Presidents of a number of leading banks have just given to the public their views on the subject of a bankrupt law. Without exception they all agree to a national law of bankruptcy of some kind is necessary to the commercial welfare of the community. This opinion appears to be well nigh universal among trade organizations and business men.

The process of depopulation in Ireland goes steadily forward. The loss from death and emigration greatly exceeds the births. The decrease for the year 1882, according to the report of Registrar-General, was 58,988. As if this were not enough the British Government proposes to further "assist emigration" this year to the extent of 200,000 souls. They are to be mainly consigned to Canada, and the Canadian journals have commenced to protest.

The Philadelphia Times says: The statisticians who are anxiously figuring on the possible surplus revenue should bring their mathematical genius to bear on the members of Congress by a recommendation to repeal all internal taxes. That would solve the surplus question and dismiss several thousand office-holders to the peaceful pursuits of private life besides. That there is too much money collected in the way of taxes and duties is apparent to everybody. Abolishing the internal revenue taxes doesn't involve any fine figure work on the part of anybody and it would reduce the revenues to a point where the surplus would not bother anybody and where the river and harbor and public building statesmen would have no plausible excuse for pushing their questionable schemes. The remedy for too much money is so simple that it doesn't require much of a mathematician to find it out.

Read Your Policies.

A suit has been decided by the Supreme Court of Georgia that has set the inhabitants of that State very generally to overhauling their life insurance policies. A citizen of Macon twelve years ago took out what he understood to be a ten-year endowment policy in a southern company. During this interval he had been stinting himself to pay (presumably into the hands of an untrustworthy agent) an extraordinary premium, only to find at last that he had an ordinary life policy and to be told by the court that ordinary diligence would have enabled him, at any time, to have ascertained that fact. This is a warning to people in all quarters to read their insurance policies. Insurance agents, sometimes, may not be worthy of trust, when the companies they represent are. Besides, it is likely that a good many policies, if they were read before they were signed, would never be taken out at all. Some of them are fearfully and wonderfully worded.

NEIGHBORING COUNTIES.

BRACKEN.

The Bridgeville correspondent of the Chronicle says: Alfred McCord found a very fine specimen of Indian pistol on his father's farm last week. From the many graves and curiosities found around this place, one would think this was once the abiding place of a large number of Indians.

Married, at Augusta, Mr. Charles Blades and Miss Maggie Nuding.

Chronicle: In a single day's hunt H. C. Litter and J. R. Wilson, of Augusta killed eighty birds.

Chronicle: Mr. Hanson Penn Ditz, of this city, has just finished a silk quilt containing over 12,000 hexagon pieces smaller than a silver dime, one third of them being silk velvet.

FLEMING.

Times: Joseph Sticker killed a bald eagle that measured seven feet from tip of wing to tip of wing. It had just killed one of his turkeys, and was making a meal of it.

Times: Two months ago C. M. Lee bought his mother's farm, paying \$5,000 for it, and last week he sold the same farm to James Jones for \$8,000. With which say that Fleming county land is not advancing.

BROWN COUNTY, OHIO.

Bee and Times: Tom Loke has removed with his family to Huntington, W. Va. Bee and Times: Constable Smithson arrested Wm. Swisher, charged with robbing Thomas Griffith, on Eagle Creek, last March, but Swisher made his escape from the station house at Ripley. He is supposed to have been in the Kentucky penitentiary.

The slander suit of Lucinda S. Meloin against Samuel Pardum was decided in favor of the plaintiff, who got a verdict of \$300.

For and About Women.

Miss Hattie Crocker, who is accompanying Lord and Lady Waterlow on their journey round the world, is an heiress to \$40,000,000.

Miss Van Zandt is said to have led a romantic career in her early days among the Indians of Texas, but an unimaging uncle says she never saw an Indian, except the wooden ones guarding the tobacco fastness in her native city of Brooklyn.

During the late Senator Randolph's term in the Senate he gave all his salary to charitable and benevolent purposes. The money was distributed principally by his wife and daughters, who had it as they saw best for the benefit of others.

Miss Anderson is not likely to be readily forgotten in England. Twenty-five thousand of her photographs, taken since her arrival in England, have been sold, and Mr. Van der Weyde, to whom alone she has sat, has prepared a photograph of heroic size of "the Grecian maiden." This measures eight feet by three, carbon, and is therefore permanent. This enlargement, on the greatest scale ever taken, is remarkable for perfection of the half-tones and purity of the light.

The London World says: "The statement that Mrs. Mackey, the wife of the bonanza silver king, was the largest bidder for the Porter Rhodes diamond, is without foundation. Mr. Porter Rhodes went to show the diamond to Mrs. Mackey, but nothing transpired as to possible purchase, although the lady in question likes handsome jewelry. Even to the wife of the millionaire, Mr. Mackey the purchase of a gem costing \$200,000 requires reflection and consultation with her lord and master, who is at the present moment in 'the States.'"

According to the London World the eldest son of a well-known Roman Catholic peer, is smitten with the charms of Miss Eva Mackay. In this case, however, it is not so much the money as the young lady herself who is charming, but who at the present moment seems more inclined to become a nun than a wife, though the suitor is the heir apparent to a peerage. The young gentleman in question has recently left Paris for a tour in America, whither he has gone to gain the necessary courage for going through the fearful ordeal of asking mamma. The question, at the present moment among the gossips of society in Paris is, will Miss Eva Mackay choose a prospective English coronet or the veil of a Sacre Cour nun?

OH
DO
YOU
SEE
this great big boot, belonging to an ugly brute? It weighs a ton or more, I guess; it gave me one parting caress. I loved a dame; she was fair as sunshine in the autumn air. One evening I did gladly whirl into the domain of my girl. We talked of love, I called her dove; we made down to the gate to spend, beneath the gleam of harvest moon, I pressed a kiss upon her lip. It was so sweet I gave another slip. Oh! then he came, the owner of this boot the same. I felt a pressure sore and quick, so sudden that it made me sick. Ten feet into the air I flew, and dropped into the horse-pond too. I swore with all my might and main I never would make love, never again, unto a maid whose pa he weighed at most a ton.

Fastings for Science and Religion.

New York, Nov. 16.—Joseph R. Dresser, the Elizabeth, N. J., faster, says he is making the attempt in the interest of science and to prove his faith in God, whom he had promised not to eat anything for forty days. He claims to have fasted for twenty-one days at his home in Belgium. He says he goes to the church every morning. He smokes three or four times a day and rinses his mouth out with a little water. He says he will prolong his fast as long as possible, but will not endanger his life.

Rev. J. C. Howes, presiding elder of the Covington and Maysville district of the M. E. Church, will preach to-morrow morning and evening at the M. E. Church on Third street.

It is said to be a good plan to burn a little sulphur in the cellar occasionally. The fumes sweeten the air and kill the germs which taint the butter and meat, and they will do no harm in any sanitary way.

A Chicago physician announces that "swell-head," the new cattle disease, is contagious, and can be communicated to man. This will be unpleasant news to gentlemen who have cultivated the disease in the old way.

"Pig album parties" are fashionable in Texas.—Courier-Journal.

We would like to see the party that could put a Maysville pig into an album. An attempt to do it would find the album inside of the pig on the shortest kind of notice.

One of our leading merchants desires to buy the verse department of the BULLETIN, in the interest of his business, and although he is willing to pay a high price for it, the offer is declined with thanks.

The Kentucky Central train, due at Lexington last night at seven o'clock, was thrown from the track near the Louisville and Nashville depot in that city. The express coach was badly damaged, but no person was hurt.

Mr. D. D. SPALDING, U. S. Revenue Agent, is in the city, and has made an examination of the Maysville office. He speaks in very complimentary terms of Mr. Phister's management, and says no other office in Kentucky ranks better.

Secure your seats for the Chanfrau entertainments at the Opera House on Monday and Tuesday evenings. The box sheet is at Harry Taylor's news depot. The ladies' matinee is announced for Tuesday afternoon. Don't miss the opportunity to see these eminent artists.

A DAY or two ago an old sow walked into the hall at Dr. J. T. Strod's residence on Third street, and coolly took possession. He is constantly annoyed by visitations of this kind, and there is no remedy for it except by voting the hog out of town. Will the people do it?

PERSONALS.

Mr. Tim Hierley, who has been connected with the Clark County Democrat for some time past, is at home again.

Master Will Green, son of Mr. Thomas M. Green, who has been very sick of malarial fever, we are pleased to announce, is better.

The Churches.

Services will be held as usual at St. Patrick's church to-morrow.

Rev. S. H. Chester will preach to-morrow morning at Washington Hall. Subject: "Christ Tempted of the Devil."

There will be preaching at the Christian Church, in Washington, by Rev. A. N. Gilbert, on Sunday afternoon, at 3:15, if the weather is fair at 2:15.

Rev. A. N. Gilbert will, on Sunday night, at the Christian Church, resume his lectures on "The Harmony Between Science and Revelation." These have both been made objects of skeptical attack, and the justice of these attacks will be examined. The lecture will be illustrated by a diagram specially prepared by Mr. Gilbert, intended to exhibit the exact geographical location of the Garden of Eden. Below will be found a syllabus of the lecture. Mr. Gilbert will also preach in the morning.

SYLLABUS.

Man not a development from the ape—he did not begin existence as a savage—the oldest known skulls averages with those of to-day—science traces all races to one geographical origin—where was Eden?—not all a garden—identification of its rivers—the Persian gulf—explanation of the diagram—the thorn and thistle difficulty—is the story of the fall a childish narrative or an absurd myth?—an analysis of the temptation—an epidemic of all temptation through all time—the question of inheritance—the final voice of mercy and blessing stills all others.

I have recommended it in a great many cases of whooping cough, with the happiest effects. I have used it in my own family for many years; in fact, always have a bottle in the medicine closet ready for use."

Rev. Father Wilds' EXPERIENCE.
The Rev. Z. P. Wilds, well-known city missionary in New York, and brother of the late eminent Judge Wilds, of the Massachusetts Supreme Court, writes as follows: "78 E. 54th St., New York, May 16, 1882. MESSRS. J. C. AYER & Co., Gentlemen: Last winter I was troubled with a most uncomfortable itching humor affecting more especially my limbs, which itched so intolerably at night, and burned so intensely, that I could scarcely bear any clothing over them. I was also a sufferer from a severe catarrh and catarrhal cough; my appetite was poor, and my system a good deal run down. Knowing the value of AYER'S SARSAPARILLA, by observation of many other cases, and from personal use in former years, I began taking it for the above-named disorders. My appetite improved almost from the first dose. After a short time the fever and itching were allayed, and all signs of irritation of the skin disappeared. My catarrh and cough were cured by the same means, and my general health greatly improved, until it is now excellent. I feel a hundred per cent stronger, and I attribute these results to the use of the SARSAPARILLA, which I recommend with all confidence as the best blood medicine ever devised. I took it in small doses three times a day, and used, in all, less than two bottles. I place these facts at your service, hoping their publication may do good."
Yours respectfully, Z. P. WILDS.

The above instance is but one of the many constantly coming to our notice, which prove the perfect adaptability of AYER'S SARSAPARILLA to the cure of all diseases arising from impure or impoverished blood, and a weakened vitality.

Ayer's Sarsaparilla
cleanses, enriches, and strengthens the blood, stimulates the action of the stomach and bowels, and thereby enables the system to resist and overcome the attacks of all Scrofulous Diseases, Eruptions of the Skin, Rheumatism, Catarrh, General Debility, and all disorders resulting from poor or corrupted blood and a low state of the system.

Like an Evil Spirit.
In olden times it was thought that evil spirits came in through cracks and keyholes. The generally approved way to keep them out was to plug up the keyholes and stop the cracks with cotton. Notwithstanding these preventive measures, the evil things had their own way and often came in as they pleased.
So comes malaria now-a-days. We try to keep it out of the keyhole and it comes in by the crack. We stop up the crack, and lo! it comes from a leak in the plumbing, or an opening from some neglected drain, or from some unsuspected source and unguarded direction.
We cannot always keep malaria out, but we can give it battle and drive its effects from our systems. If Brown's Iron Bitters is taken in time, malaria has not a ghost of a chance. This is the great family medicine. Your druggist sells it, and you ought to keep a bottle in the house. 1
